WEATHER PROOF

Be protected & see every detail in Super HD

- Swann's network video recording security system with 4 Megapixels Super high definition live viewing & playback at 25 fps per channel
- Includes 4 x security cameras capable of generating super high definition 4 Megapixels (75% more than 1080p) video with IR cut filters for powerful night vision to 100ft / 30m & a weather-resistant rating of IP66 for indoor & outdoor use. Add 4 more cameras for full 8 channel monitoring
- You can also hear what's happening as each camera has a built-in microphone for crystal clear audio
- Set & forget by recording continuously from 8 channels for 160 days+ onto a massive 2TB hard drive (expandable to 6TB)
- Save time & have peace of mind by easily locating incident video, then transfer to external storage via USB or network
- Security in the palm of your hand with live viewing on your Smartphone or tablet including iOS (iPhone, iPad) & Android devices using the free SwannView Link app
- View live in HD on your HDTV via HDMI or VGA connection to your LCD screen
- Professional surveillance system gives you peace of mind by being able to see the detail you need from longer distances including license plates, faces, clothing colors & more, all in Super HD
